BOOK POST

Warm greetings from MESCO!

October brings a time of growth, new opportunities, and fresh energy. As we share our quarterly newsletter, it's a good time to celebrate our achievements and look forward to what's next.

This edition highlights key developments from the past quarter across our departments—each reflecting MESCO's commitment to purpose and progress.

We are pleased to share that the 57th Annual General Meeting (AGM) of MESCO and the 48th AGM of MES were successfully held on 27th September 2025, attended by committee members, staff, and well-wishers.

Our Clinics Department launched a Free Thyroid (TSH) Test Drive, conducted at the Mumbra Medical Aid Dispensary every second Monday of the month.

In alignment with our environmental mission, students from MES Crescent and Radiant High School participated in the "Ek Ped Maa Ke Naam" initiative on 9th July 2025, planting 151 saplings to honor Mother Earth.

A major highlight was the Visionary Principals' Conclave on 23rd August 2025 at Radiant English High School & Jr. College, where 33 schools and 56 educators participated.

We are also humbled by the recognition from Wockhardt Hospital on 31st July 2025 for our continued medical support to underprivileged patients.

We are delighted to announce that MESCO has purchased its own office space, thanks to our donors. This will allow us to redirect rent savings toward expanding our community support.

"Education is not the learning of facts, but the training of the mind to think."

SHINING STORIES OF HOPE & SUCCESS

Yusuf Sodawala

In retrospect, I feel truly grateful to have been part of MESCO for the past nine years. I joined in 2015 as a 7th grader, and it has been a life-changing journey. Coming from a humble background, with my father employed and my mother a homemaker, continuing my education was often uncertain due to financial challenges and self-doubt and this changed when I became a MESCO student.

MESCO supported me not just financially, but also with guidance and mentorship. They helped me make crucial career decisions and instilled values like perseverance, responsibility, and gratitude—qualities that shaped who I am today. Beyond academics, MESCO's events, especially the Personality Development Camp, offered joy and deep learning.

Today, I have completed my B.Tech in Computer Engineering and working as a Machine Learning Engineer at Quantiphi Analytics. None of this would have been possible without MESCO's consistent support. I remain forever thankful.

Khan Shahnawaz

I joined MESCO's EAS program in 2012 when I was in class nine. MESCO has truly turned my doubts into confidence and my efforts into success. From hesitant beginnings to proud achievements, this journey would not have been possible without the support, guidance, and mentorship I received from MESCO staff and members.

The various MESCO programs and meet-ups, such as Personality Development and EAS Milap, and the sessions for preparing for board exams, have truly helped my personal and professional growth. MESCO also supported me financially during a time when continuing my studies seemed uncertain.

Today, I am working as an SAP Consultant at Capgemini with six years of experience. I am forever grateful to MESCO for investing in my future and helping me rise against all odds.

MEDICAL

MESCO extends heartfelt gratitude to all donors, supporters, and CSR partners for their continued trust. This quarter, **284** beneficiaries received aid under the LSMA scheme for major treatments and surgeries, **45** patients got monthly medicines, **59** received help for minor surgeries and diagnostics, and **43** for dialysis support.

Achievements and programmes

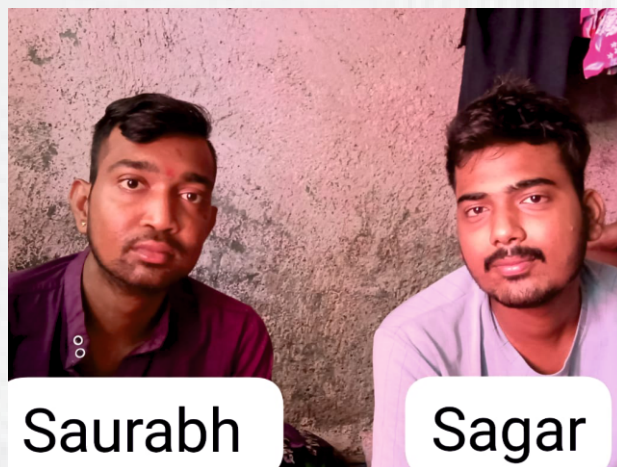

MESCO organized a Six-Month Dialysis Form Distribution Programme on 7th September 2025. A total of **92** patients came for dialysis assistance, out of which **30** were selected through a lottery system & would be supported for six months of dialysis support from MESCO.

MESCO was honored by Wockhardt Hospital on 31st July 2025, in recognition of MESCO's support for needy and deserving patients in their treatment.

A Ray of Hope for the Shrivastav Family

For the Shrivastav family from Virar, life took a difficult turn when Mr. Saurabh Shrivastav aged 19 years was diagnosed with renal failure in 2023 and began regular dialysis at Shri KVO Jain Dialysis Centre, Nalasopara. With his father working as a mason and earning just Rs. 9,000 per month, meeting both household and medical expenses became nearly impossible for the family of five. Their hardship increased when Saurabh's twin brother, Sagar, was also diagnosed with a kidney ailment in June 2025, requiring medicines worth Rs. 3,000 per month. MESCO extended a helping hand, Saurabh was selected under the Sustained Dialysis scheme, while Sagar began receiving monthly medication support under the Medical Aid scheme. Their parents expressed heartfelt gratitude to MESCO, saying they finally feel relieved and hopeful seeing both their sons recovering with continuous medical assistance.

CLINICS

- In the last quarter, MESCO's Medical-Aid Dispensary located in Mumbra, successfully provided primary medical care to 4627 patients. Additionally, MESCO's Umair Khopekhar Memorial Physiotherapy Centre delivered physiotherapy services to 689 patients.
- We are excited to announce that we are hosting a free thyroid test (TSH) drive at our Medical Aid Dispensary in Mumbra, on the second Monday of every month from 11 a.m. to 2 p.m. This initiative, supported by Abbott India, aims to raise awareness about thyroid disorders. The clinic department extends its heartfelt gratitude to our sponsors and donors for their generous in-kind contributions.

RELIEF OF POVERTY

- A Trade Test and Interview were held on 28th September 2025. 51 beneficiaries participated out of which 43 qualified to receive sewing machines in October 2025, empowering women towards self-reliance.
